OUR STORY

Namibia is an arid country with agriculture at the heart of Namibia's economy and of her people.

Meat is produced naturally without the use of growth promotors. Animals are raised on natural pastures with supplement feeding provided to ensure all production needs of the animals are met.

During times of drought, animal welfare takes precedence over free range production, and grain fed production is allowed.

The **MEAT ROUTE** was developed by the Meat Board of Namibia to showcase Namibia's finest produced meat and to provide our visitors with a guide of where to find the BEST Namibia has to offer.

Participating butchers and stores are located along the most popular Namibian routes and were carefully selected to supply Namibian produced meat in a unique Namibian setting to introduce visitors to our Namibian culture.

Enjoy your stay in Namibia, but most of all,
ENJOY OUR MEAT!
